BodyWorks is a joint venture project between Complete Design Services and Zetec, both of which are New Zealand based design companies specializing in high quality product development and design using Solidworks.

Complete Design Services

Olaf Diegel, Managing Director: Olaf Diegel graduated from the University of Technology in Sydney with a Masters in Project management and is currently doing a PhD in product development. For the past 10 years he has been involved in the fields of entertainment technology, product design, and a bit of programming on the side. His interests encompass technology, design, music and theatre.

Zetec

Paul Zwaan, Managing Director: Paul Zwaan has 19 years experience in product design, project management, electronics and R&D management since completing an M.E. in 1982. Past employment includes manufacturers of scientific equipment, healthcare and electronic products and personal electric vehicles. Since formed by Paul in 1995, Zetec Limited has provided ID and CAD services on over 200 design projects, most of which are currently in production.
